Lead AIA Rochester Board of Directors (BOD) Roles & Responsibilities

Join the Board of Directors for a unique opportunity to serve and influence your profession and peers. If you have ideas, they should be heard! Open positions are made available in August and voting takes place in the fall. Winners are announced at our Annual Meeting in the fall, and new board members are onboarded for the remainder of the year. While the President and Vice President positions are only open to registered architect members per the bylaws, most positions are available to any member, regardless of licensure status or experience. Terms are two years each with the exception of Vice President, which is a three-year term (Vice President, President, Past President). Contact Michelle Murnane, AIA, Executive Director (mmurnane@aiaroc.org) for further information or to express interest in a role.

Holding a position on our Board is a commendable service you provide to your professional organization and the profession. There are also expectations associated with any not-for-profit board role, which are outlined further in this document. Fulfillment of duties is critical to ensure the ongoing success of the chapter.

General Responsibilities

Board members sign a contract with the chapter indicating a willingness to fulfill all duties prescribed to the role undertaken. Each Board member plays an integral role in the sustenance and success of the organization. Inability or unwillingness to fulfill duties prescribed by the role will result in removal from the Board.

Attendance

Board members are expected to attend regular BOD meetings as scheduled. There are generally 10–12 BOD meetings yearly. No more than 2 absences are permitted notwithstanding extenuating circumstances. Absences from regular meetings limit the board members' knowledge about board and chapter issues and limit the effectiveness of the board member, thus harming the organization. After the second absence the executive committee will meet with the board member to review if there are extenuating circumstances and review the member's ability to continue on the BOD. A third absence will require the board member to recuse themselves from their position. The board member should notify the Secretary and Executive Director of any upcoming absences with as much notice as possible.

Incoming board members will attend a special mandatory orientation session held within the two months following the election. All board members will attend a special mandatory session in January of each year to set goals and expectations. Board members are expected to attend major events held by the organization.

Fundraising

An important part of your role on the AIA Rochester BOD is to fundraise for our events, initiatives, and scholarship program. At a minimum, BOD members are asked to reach out to past and potential sponsors via email, phone, and in-person as required to ask for their support. A script or

notes will be provided. A minimum of contact with multiple sponsors is generally expected unless deemed not necessary by the President and Executive Director.

Committees

Each board member must either chair or participate actively in an AIA Rochester committee. Board members should actively recruit fellow members to participate as well. Some board position descriptions outline involvement with specific committees; see below. A summary of committee activity should be presented at each board meeting.

Terms

Each officer and director is elected to a two year term (the President and Vice President shall serve a term of one year each followed by a year in the Past President's role). No elected Board member may serve in the same role longer than two consecutive terms, though Board members may change to a new role and may return to any previous role in the future. Appointed positions may serve longer.
